

VIJAY S

DOTNET FULL STACK PROFESSIONAL

PROFILE

Full-stack developer with 13.5 years of experience in .NET Core, .NET Core MVC, C#, ASP.NET, SQL Server, Angular, Azure, and DevOps. Strong in designing and developing scalable, secure, cloud-native applications. Expertise in system architecture, design patterns, REST API standards, and best practices. Skilled in Web API, microservices, CI/CD, Docker, AKS, Redis, EF Core, App Insights, Blob Storage, Key Vault, Azure Service Bus, and RabbitMQ. Experienced in Agile (Scrum/Kanban), requirement analysis, and leading teams to deliver high-quality, user-focused software.

WORK EXPERIENCE

Relevantz Technology Services

2025 - 2026

Senior Lead Engineer

- Developed and led intelligent AI **OCR**-based document processing solutions for **NewRez, USA**.

Built a scalable microservices platform using **.NET Core, Angular, Azure Service Bus, Docker, AKS, Azure DevOps CI/CD, Content Understanding, and MS Graph**, with secure integration via **Key Vault** and **App Insights**.

Key Projects:

- eOCR**—**OCR**-based document ingestion and classification system for mortgage workflows with modular, plug-and-play components.
- Integrated Azure AI Document Intelligence to automate content extraction from PDFs and scanned documents.

Agilysys Technologies

2019 - 2025

Senior Lead Software Analyst

- Led PMS enterprise application development, integrating **C#, .NET Core, Angular, SQL Server, and PostgreSQL**.
- Designed and implemented payment integrations for **Shift4, FreedomPay, gift cards**, and loyalty systems.
- Managed **Agile** projects, including **sprint** planning and requirement analysis, improving delivery efficiency.
- Onsite Experience: Deployed software at 3 **USA customer** locations (~6 months).

Key Projects:

- Agilysys Activities/Rental**—Software for class and **rental management**.
- Agilysys SEAT** - Online seat reservation & **venue management system**.

HCL Technologies

2015 - 2019

Technical Lead

- Developed and maintained** high-performance applications for clients like **Xerox, USA**.

Led development using **MVC, Angular, SQL Server, WCF, WPF, and Jenkins**, and implemented **CI/CD pipelines** and **test automation frameworks**.

Key Projects:

- ClearSky**—**Agile** Kanban-based **task management system** for team tracking.
- Strings**—**Multi-language translation management tool** for Xerox drivers.
- Virtual Lab**—**Hyper-V virtual machine management tool**.

Infoplus Technologies

2012 - 2015

Software Engineer

- Developed **educational management** and **e-learning** systems using **MVC, ASP.NET, SQL Server, and MySQL**.

Implemented secure **web services, authentication, and exam automation** features.

Key Projects:

- E-Learning System** - Digital library platform for engineering students.
- Exam Management System** - Automated university exam processing.
- SEval (Smart Evaluation Process)**—**Secure** evaluation and results processing system

SKILLS

- Programming:** C#, TypeScript
- Backend:** .NET Core, ASP.NET, MVC, Web API, Microservices, LINQ, EF/EF Core, Redis, WCF
- Frontend:** Angular, React (basic), Redux, JavaScript, jQuery, HTML, CSS, Bootstrap
- Cloud & Azure:** App Services, AKS, Service Bus, RabbitMQ, App Insights, Blob Storage, Key Vault
- Databases:** SQL Server, MySQL, Oracle
- DevOps & CI/CD:** Git, Jenkins, Azure DevOps, Docker, Kubernetes
- Automation & Scripting:** PowerShell, Shell, Coded UI
- Reporting:** RDLC, SSRS, Telerik
- Tools:** Visual Studio, VS Code, Hangfire
- Practices:** Design Patterns, System Architecture, REST API Standards
- Soft Skills:** Team Leadership, Agile (Scrum/Kanban)

AWARD

- Standout Performer (2024)** - Agilysys
- Warrior (2021, 2022)** - Agilysys
- Live Wire (2016, 2017)** - HCL
- 8 Patent Submissions** - HCL (at Group 2 level)
- 2nd Prize** - HCL Automation Contest
- Best New Kid (2012)** - Infoplus

EDUCATION

2007 - 2011

LOYOLA INSTITUTE OF TECHNOLOGY,
ANNA UNIVERSITY - CHENNAI

- B.Tech / Information Technology
